RURAL TELEPHONE EXTENSIONS

Mirror promises to become shortly an important point in the telephone system, as we have received on good authority the information that eight new rural lines will be constructed out of Mirror. These additions are only part of the system now contemplated and when the telephones in town are installed and the rural lines in running order, the central at Mirror will be a busy spot.

Alex. Gibson, who is connected with the construction department of the Alberta Government Telephone system, was in town on Tuesday. He states that work will commence just as soon as the contract for hauling the poles has been awarded.

LOCAL NEWS

Village Council meets on Monday evening of next week.

The semi-monthly meeting of the Board of Trade will meet at the Canadian Bank of Commerce next Tuesday evening.

J. E. Steers, of Bashaw, was a Mirror visitor on Wednesday.

G. T. Brandon, of Wainwright, was a visitor in Mirror on Tuesday last.

An invitation is extended by the officers of the Junior League of the Methodist church, to attend their meetings, which are held every Wednesday evening at 7 o'clock. From 6.30 to 7, the children engage in play, and at that hour the meeting is conducted by the children, and any interest manifested will be greatly appreciated and prove helpful to the League.

BORN.—In Mirror, on Friday, April 26th, 1913, to Mr. and Mrs. Herb. Williams, a daughter.

J. S. E. Nichols was shipping potatoes to Mirror last week.—Dayland Press.

J. F. Flewelling was away on a business trip to points in Saskatchewan.

We regret to announce that Mrs. J. R. Brackney is seriously ill. Two nurses and doctor are in attendance.

About 20 new volumes have been added to the Mirror Library.

A perusal of the letter from our Bashaw correspondent on page 5 of this issue, should prove interesting reading to members of the Mirror Board of Trade, showing as it does, an unanimity on the part of the Bashaw Board to work together for the best interests of the town, as a whole.

Mr. and Mrs. E. Vernon returned on Monday evening from Edmonton. Mrs. Vernon, who underwent an operation several weeks ago is recovering.

Joe Ahearn is building a new house on Roome Ave., north. Fred. Dowdwell is also making good progress, on his building, which is being erected in the same block.

Sports Meeting

All persons interested in Baseball and Football are asked to attend a meeting in the King George Restaurant, on Wednesday Evening, May 7th, at 6.30 O'clock. State the date in the lining of your hat and be there on time.

MIRROR THE CENTRE OF AN IDEAL MIXED FARMING COUNTRY

For the past few years the gospel of mixed farming has been so constantly preached throughout the West that it is interesting to note what progress in this direction is being made. While the farmers of this district are what we might term "old-timers", and have always gone in for the raising of a certain amount of grain and stock, they have been somewhat handicapped for the want of proper shipping facilities, and the long haul to market has had a detrimental effect on the mixed farming project. However, with the building of the Grand Trunk Pacific, erection of stock yards and permanent buyers on the ground, the previous condition of affairs has been altogether altered and without exception farmers in this district can easily haul a load to Mirror and return home the same day.

Any one acquainted with farming conditions in the Mirror district knows that raising grain for sale is not a highly profitable business. The grain raised, has without doubt, compared very favourably with the standard of other districts, but the elevator company has not been disposed to offer any dizzy prices for wheat and oats, and even earload lots consigned to Winnipeg and Fort William have not brought the most encouraging returns to the farmer. The profits realized from the sale of grain in the above manner would have brought far more to the farmer if he had retained the grain and fed it to stock, and this district is an ideal one for that purpose.

The high price now paid for live stock is proving a great impetus to the stock-raising industry, and the practice of mixed farming in this district will in a very short time make the farmers independent of the grain market. As an example of this, one of our week's farmer disposed of forty-five hogs that averaged a fraction over 254 pounds, to a local buyer. They brought \$16 a pound, and the farmer received a cheque for \$844.95. The prospects are that the price will even go higher, with the result that the farmer will reap a greater profit, as the cost of production is in no wise increased to any extent. Another instance might also be cited, in which a farmer sold

One Of The Best Stock and Dairying Districts in Western Canada :: Farmers Now Reaping Benefits From This Line of Endeavor.

LAND AVAILABLE :: OPPORTUNITIES EXIST FOR NEW SETTLERS

five steers for \$512.00; realizing \$7.35 per cwt.

Every farmer in the Mirror district, who is not already in the business, has a great opportunity to engage in mixed farming. The markets are close at hand and there is never any danger of finding the British Columbia market glutted in case Calgary and Edmonton should be over supplied. In addition to the present activities there is dairying which will stand considerable development. Initiation butter is now making its appearance in West. This should be a challenge to the farmers of Central Alberta to double their output and keep the market free of the spurious article.

It makes not a particle of difference what kind of stock is raised and if every farmer in Alberta would become a mixed farmer and stock-raiser as rapidly as his means permit, the days of cheap grain would soon disappear, the productivity of our farms would increase, and the tillers of the soil in Alberta

would be the most prosperous and contented people on the American continent. Here is the way one farmer mixed it up in Alberta: One year ago last June he summerfallowed a good sized field, and as the weeds and other vegetation began to sprout, instead of attacking the growth with machinery, he turned into the field a flock of sheep. Owing to an abundance of herbage the sheep, waxed fat, at the same time performing the combined office of pucker and fertilizer. The sheep were summered and wintered in the field; last spring it was drilled to wheat with the result that a crop of forty-six bushels per acre of No. 1 wheat was harvested, and the fat mutton coupled with the crop gave the farmer a profit nearly equal to the price of the land.

In regard to the raising of beef an exchange has the following to say:—"There is a reason why beef cattle are very high priced at present, and there is also a reason why the farmers have very few beef

cattle for sale. It is manifestly a mistake to sell off the calves to be slaughtered for veal. The number of calves slaughtered in the United States in the last decade has increased by 100 per cent. In 1911 there were 8,000,000 calves slaughtered at an average of 70 lbs. If they had been allowed to live one year they would have averaged 600 lbs., or a grand total of 4,800,000,000 lbs. of beef, instead of only 560,000,000 lbs. According to conservative estimates, these 4,000,000,000 extra pounds of meat would furnish a city of 350,000 population with its total meat supply for over 50 years. In South America this danger has been recognized, and laws are in force providing a severe penalty for the slaughter of heifers or cows under six years of age. One can scarcely conceive of the tremendous increase which would be effected in Alberta if the breeders prevented the slaughter of calves.

Land seekers who are looking for suitable land will find in the Mirror district, hundreds of acres that can be utilized profitably, while grazing lands are the most in the province. An abundance of water can be secured, either by small lakes or by drilling and in a number of localities a flowing spring guarantees a perpetual supply the year round. The climatic conditions are such that stock can range from the first of January to the last day of December, and in the majority of cases the stock that has wintered out-doors is in far better shape than the stock that has been stabled.

With these conditions it is only natural that the country surrounding Mirror should be regarded as being more suitable for live stock and dairying than for grain. Settlers coming in here, with a view to locating on land should be advised and encouraged to provide themselves with cattle and sheep or in fact with stock of all kinds.

With the large influx of new settlers, the United States and Old Country this year, the Mirror district should come in for a fair share of the increase, and it is gratifying to be able to point to such highly satisfactory conditions in so many of the important branches of the farming industry.

GUN CLUB FORMED

A meeting was held in the Mirror Cash Store on Thursday evening for the purpose of forming a Gun Club. The following officers were elected: President, G. A. Calvert; Field Captain, E. E. Estel; Secretary, J. H. Duitman; Executive Committee, Geo. Robinson and Carl McCormack.

The membership fee was placed at \$1.00 for country, and \$2.00 for town members. An automatic trap will be purchased at once and a supply of clay pigeons secured. A committee was appointed to interview the Village Council in regard to grounds. By-laws will be drawn up at next meeting.

A great deal of interest will be manifested in the club and the membership roll will include all the sharpshooters in the neighborhood. It is expected that a trophy of some kind will be put up for competition.

TRAIN WRECK TIES UP TRAFFIC

Traffic on the G. T. P. line south of Mirror has been tied up for the past day or so, owing to the derailment of two engines near Huxley. The double header was pulling up a work train when the engines jumped the track, the trucks on one engine causing the trouble. No one was hurt.

A track has been built around the wreck and trains are running again, a delay of twenty-four hours being the result.

PEDIGREES AND PAY

The time to pay for a pedigree is when it is delivered. While most breeders are honorable, many are procrastinating, some are negligent, and a few are downright dishonest.

In order to protect themselves against loss at the hands of the procrastinating and negligent, buyers of pure bred animals will do well when dealing with breeders of whose honesty they have no knowledge, to withhold a part of the purchase money till the pedigree is supplied or at least to deposit it in a bank to be paid upon delivery of proper certificate of registration. This can be done without exposing either buyer or seller to any risk and is perfectly fair to both. My experience with buyers who refuse to pay unless they are willing to perform this service for the protection of the patrons.

As a rule the buyer pays over the purchase money at the time of purchasing and the seller promises to forward a pedigree as soon as possible, then after a year or more of waiting he wakes up to the fact that he has no "pedigree". Sometimes he has sold the progeny of these animals with a promise to supply pedigree and he finds himself exposed to the danger, not only of disgrace, but also of an action for damages. Now all of this could easily have been avoided by the exercise of a little caution at the time of buying.

The time of year is at hand when every person, who contemplates buying a pure bred animal, should keep in mind the warning contained in our opening sentence, that the time to pay for a pedigree is when it is delivered.

W. F. STEVENS,
Live Stock Commissioner.

OBITUARY

Word was received here yesterday (Thursday) afternoon of the death of Mr. John Crutchfield, at Huntington, Que.

The late Mr. Crutchfield was 65 years of age but had always enjoyed perfect health and his sudden death by heart failure on Wednesday evening was a blow to many.

Besides many friends Mr. Crutchfield leaves to mourn his death a wife and five children, three of whom, Mrs. J. E. McLaren, Kenneth and Harvey now reside in this district. The sorrowing members of the family will be deeply sympathized with.

The 94th anniversary of the Independent Order of Odd-fellows was celebrated in Edmonton on Sunday last by five hundred members of the order taking part in a public procession and religious service at the First Baptist Church.

RETURNS GIVE LIBERALS MAJORITY OF 22

The official returns in the Provincial elections are now complete and according to the final counts in the various constituencies the Liberals have a majority of twenty-two over the Conservatives in the new legislature.

The seven cabinet ministers have all been returned. They are the Hon. A. L. Sifton, Hon. C. W. Cross, the Hon. J. R. Boyle, the Hon. A. J. McLean, the Hon. C. R. Mitchell, the Hon. Duncan Marshall and the Hon. Chas. Stewart.

In Medicine Hat, Hon. C. R. Mitchell has a majority of 8, and in Clearwater, H. W. McKenny (L) wins out by 1 of a majority.

The following summary shows the composition of the new legislature:

"MADE IN CANADA"
TRAIN TO VISIT MIRROR

Through the medium of an improved "Made in Canada" train the people of the three prairie provinces are to be given another opportunity this year of learning of the work of their fellow-Canadians in the manufacturing industries of the West and the East. The train of this year promises to eclipse in every respect the experimental train which was taken through Manitoba, Saskatchewan and Alberta last year, the Canadian Home Market Association; under whose auspices the train is organized and conducted, having taken careful note last year of needed improvements, all of which have been carried into effect. Statistics and other information prove that the past year has been a banner one in factory development in the West, an activity which has been due to some extent to the presence of the "Made in Canada" train there last year, and the information and instruction it afforded.

The tour will be organized on practically the same basis as that of 1912, and will cover about 120 cities and towns in the West, occupying about 62 days. The train will leave Montreal on May 14th, and after visiting half a dozen cities in Ontario will exhibit in Winnipeg about May 21st, proceeding westward, and returning to Montreal about July 6th. The itinerary will embrace the principal points on the lines of the Canadian Pacific Railway, the Canadian Northern Railway and the Grand Trunk Pacific west of Winnipeg.

The train will be electric lighted throughout and the cars will be arranged with the aisles along the side, leaving the greatest possible width for the exhibit booths. Stops will vary from two hours to forty-eight hours each, depending on the size of the town or city visited.

The route after visiting Montreal, Ottawa, Toronto and Sudbury will be along the main line of the C. P. R. to Winnipeg, making stops at Port Arthur, Fort William, Dryden, Kenora and Keewatin. After leaving Winnipeg it will spend a day in Brandon and will then proceed along the Souris line, via Arcola to Regina it will proceed along the main line of the C. P. R. to

Medicine Hat, making stops at all the principal intermediate points. Leaving Medicine Hat it will follow the Lethbridge line, making a side trip to Raymond, Margrath and other towns in that district. Leaving Lethbridge it will touch Macleod and all the principal points from Macleod to Wetaskiwin. Leaving Wetaskiwin it will proceed eastward on the C. P. R., making several stops before Macklin, and also touching the principal points on the new line from Macklin to Moose Jaw. After four weeks on the C. P. R. it will be turned over to the C. N. R., who will handle the train from Regina to Prince Albert and from Warman to Edmonton, where they will transfer to the G. T. P., who will operate it over their system from Tofield to Alia paying a visit to Mirror en route and from Edmonton to Melville, and from Melville to Canora. At the latter point it will be turned over to the C. N. R. again. Making stops at Dauphin and intermediate points the train will proceed to Winnipeg where the exhibits will be dismantled. This is a much more comprehensive tour than that of last year, and practically all the points covered, except the larger cities, will be new ones.

One of the features of this year's trip will be a moving picture show. In addition to the lantern views, which were shown last year, there will be two or three moving picture films, of Canadian scenes, which are bound to prove of interest to those who visit the train. As last year, the lectures will be given in the open or in some suitable hall at all evening stops, but in the day time it will be given in a special car which will be equipped for this purpose.

All the exhibits this year will be different from those in last year's train, and the comfort of the visiting public has been provided for by better entrance and exit facilities, more lighting and better display signs. As last year most of the exhibitors will give away valuable souvenirs and samples.

The department of agriculture, Ontario, has availed itself of the "Made in Canada" train by sending along an elaborate display of fresh fruit and dairy products. Apples and other Ontario orchard products are being taken from cold storage. These will be displayed in a car, and will be one of the most interesting exhibits on the train.

BASHAW DISTRICT AND BUFFALO LAKE

A Portion of Northern Alberta where Something's Doing, and where Politics Are not Allowed to Retard the General Welfare of the Residents

(From Our Bashaw Correspondent)

In spite of quiet times and past wranglings over the past administration of this thought after part of the Dominion, it appears that the people in the above mentioned district have been spending their time in a much more satisfactory manner, with the result that a new Board of Trade has been effected and organized on a business-like basis, and in a manner distinctly different to any other Board of Trade in the province. The following summary will give an idea of what has been accomplished, and what results can be attained by the organization.

In the first place the board is composed as follows:

President: W. R. Shanks, the local Union Bank manager;

Vice-Presidents: J. A. Windsor, Dr. Fraser and R. A. Dore, all local and well known gentlemen;

Secretary: C. Willmott Maddison, a local merchant;

Treasurer: G. H. Raemer, a local merchant;

Executive Committee: N. E. Ledgerwood, A. J. Whitby, R. A. Bailey, E. J. Sheeh, W. R. Williams, W. D. Willan, and J. E. Steers;

Advisory Board, with power to add to their number: W. W. Scott, farmer; J. H. Jarvis, farmer; and Lynn Wilson, farmer.

The meeting at which these elections to office were made, occurred on Thursday, March 27th and was largely attended, and the proceedings were carried through with a vim and enthusiasm seldom seen. From the commencement to the close the whole business spun along like a top.

The agenda of the meeting was for the purpose of re-organizing the defunct Board of Trade, with a view to entering into a vigorous publicity campaign by the people of the whole district. Mr. Windsor who was voted to the chair, after explaining why the meeting was called suggested that C. Willmott Maddison be asked to address the meeting, as he, the chairman, understood that that gentleman had given considerable study and thought to the subject. Mr. Maddison on rising explained that owing to his having first settled in this portion of Alberta, a matter of fourteen years ago, and although for many years of late he had been travelling in other countries of the world, there had always been a feeling with him that the Bashaw and Buffalo Lake district held some magnet, and to prove his assertion he was with them that night to suggest a few ideas as to how much benefit could be obtained by everyone lending a helping hand to mutual object. On outlining the proposed board to be arranged as above, the speaker pointed out that there were three or four new features instituted in forming the board, and with their consent he would like to lay particular stress on each one, inasmuch that in his opinion the strength of the whole fabric lay there; for instance, the

matter of electing three vice-presidents was perhaps unusual still he would point out that gentlemen who had their own business to attend to, often found it inconvenient to attend the meetings, much as they would like to fulfil their duties on the board.

Regarding the Advisory Board the members elected would be farmers residing in different portions of the Bashaw district and Buffalo lake, these gentlemen would be elected by public acclamation by the farmers in the district, thus ensuring men of proved authority on matters concerning their respective portions of the district, these members acting as experts to the Board of Trade's real estate office.

In reference to the board having a real estate office situated in the town of Bashaw, this office would be distinctly under the control of the board's officers and would be managed by an officer of the board. The duties of the office would be to keep a complete list of all vacant lands and properties for sale in the district. Upon any person who might apply, either personally or by correspondence regarding properties for sale, would in the case should it be personal, be allowed to inspect the register of vacant lands, and on desiring to view same would be informed that, should he make a purchase in the district a refund of a reasonable amount would be made him in connection with his expenses incurred at livery stables. The

client would also be presented with a letter of introduction to the member of the Advisory Board who was situated in the locality on which the desired property is situated. The advisory member of the board on his part would endeavor to sell such land to the client and would also be able to give expert knowledge regarding same.

In the event of a sale being effected, the commission from same would be divided proportionately as arranged by the board, between the member of the Advisory Board, the officer of the board in charge of the office, and the balance would be placed to the credit of the board's treasury fund to be used for further publicity work. In concluding his remarks, Mr. Maddison went on to say, that although he was aware of the immense immigration into the province of late years, he certainly felt himself that the people of this very fortunate locality required to make an especial effort themselves to have it more widely known that there were still plenty of good lands for sale, and that it only required settlers and capital to make their district the greatest and most successful producing area in the whole of the province, such being the case, he, the speaker had looked upon it as a pleasure to spend a small portion of his spare time in writing a review of the district, this he would be willing to read to them and if found satisfactory, it might be made use of by the board in any manner in which it seemed fit.

The review was duly read, and a vote was unanimously carried that the review be accepted and be made use of for publicity purposes.

It was unanimously declared that the whole meeting had been a high success, and a general meeting of the whole district was arranged for Friday, April 11th, at four o'clock in the afternoon. In connection with the same a grand dance and concert was given in Williams hall on the same evening.

From 300 to 500 special letters were despatched into the district announcing the fact, together with larger poster bills at certain points, and a cordial welcome was extended to everybody to attend.

THE
JOURNAL

\$1.00
A YEAR

For Hair Health

If Reasil "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We could not so strongly endorse Reasil "93" Hair Tonic and continue to sell it to the same people if it did not do us good. Should it not improve scalp and hair, our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you have any scalp itching, we believe Reasil "93" Hair Tonic will do more to revitalize the scalp, give health to the scalp, stimulate new hair growth and prevent premature thinning than any other human agent. We want you to make us prove this. We ask you to risk no money whatever. For a bottle of Reasil "93" Hair Tonic, use it according to directions for thirty days. Then if you are not entirely satisfied, come and tell us and we will promptly hand back the money you paid us for it. We won't ask you to sign anything, nor even to bring the bottle back. We want to convince you in any way. We will take your word. Could anything be more fair? Could we do anything more to prove our belief in Reasil "93" Hair Tonic, and our honesty of purpose in recommending it to you?

Reasil "93" Hair Tonic is as pleasant to use as spring water and has just a faint, pleasing odor. It contains no toxic substances, and costs only 25c. You can buy Reasil "93" Hair Tonic in the following stores:

SUGGEST BROS.

There's Money In Raising Stock

It is unnecessary for us to try and convince the farmers in this district that there is money in raising Hogs and Cattle. They know it already; but what we would like you to know is, that we are prepared to buy all your stock at the prevailing market price, and pay cash for it.

It is a fact none can deny that the supply of cattle and hogs is not equal to the demand, and the money making possibilities in this line of the farming industry deserves the consideration of every farmer in Mirror district. This is one of the best stock raising districts in the world; so take advantage of conditions and reap the benefit.

We will buy your Stock at all times of the Year.

LOCAL NEWS

John Parker, license inspector, was in town on Monday.

Mrs. A. McTavish, who is now making her home at Mirror, was in town the first of the week. Her brother, Wm. Green, will look after her farm this season.—Daysland Press.

J. N. Mitchell, who is now in Edmonton, is in town today (Friday) shaking hands with old friends. Mrs. Mitchell has been troubled a great deal since leaving Mirror with an abscess in her throat. Her many friends here will be glad to know that she is now on the road to recovery.

Edward Maurer left Mirror on Monday morning for Calgary.

M. Tule and W. E. Naser, of Blackwell, Oklahoma, were Mirror visitors yesterday (Thursday). "You have a great country up here," was their verdict. They are taking a trip through—Alberta, and were brought from Altx to Mirror by A. Mather.

W. F. Puffer, M. P. P., was in town on Monday.

A. Huber, of Chase, B. C. was a business visitor in town this week.

Don't forget the dramatic and musical entertainment in Cook's Hall, Mirror, on the evening of Saturday, May 24th.

The Yeomen Lodge in Mirror are giving a dinner in Cook's hall, on Friday evening, May 10th. The affair promises to eclipse anything yet held in Mirror.

"Out of Town" is the name of a play that will be staged in Mirror shortly by a local troupe of theatrical artists.

Pool Room Act Alberta

TO OWNERS OF POOL ROOMS, BILLIARD ROOMS, AND BOWLING ALLEYS

PUBLIC NOTICE IS HEREBY GIVEN, In accordance with the provisions of "An act to regulate Pool Rooms" being chapter 24 of 1911-12, as amended by chapter 9 of 1912, to all owners of the above classes of business, that they will require to take out a provincial license therefor before the first day of July, 1913, and pay in advance the provincial fee for the license year ending June 30, 1914 as follows:—
First table, fee \$10, and \$1 for each additional table.
First Bowling Alley, \$10, and \$1 for each additional Bowling Alley.
Applications, accompanied by the proper fees, should be made to the undersigned in writing not later than May 31st, 1913.
Licentiatees should be made by Bank order, express order, or Post office order, or marked check payable at par in Edmonton, and when currency accompanies application letters should be registered. All checks should be made payable to the Attorney General.
F. G. FOSTER
Chief License Inspector,
Edmonton, April 22, 1913.

NOTICE TO DEBTORS

Notice is hereby given that by an agreement in writing, dated Nov. 12, 1912, that any debts owing to Edward Maurer, have been absolutely assigned to R. E. Coleman and further take notice that same are to be paid at the Canadian Bank of Commerce, Mirror, on or before the 15th day of May, 1913, (without days of grace), and in default thereof I shall pursue such remedies as are allowed by law for the recovery of the said debt.
R. E. COLEMAN,
Mirror, April 26th, 1913. 24-3-ap.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve indigestion and dyspepsia.

Resall Dyspepsia Tablets remedy stomach trouble because they contain the proper proportion of Pepsin and Bismuth and the necessary quantities that help nature to supply the gastric juice which is deficient in the gastric juice. They help the stomach to digest food and to quickly remove it from the system, and material necessary for overcoming natural indigestion.

Carry a package of Resall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you. We know what Resall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't tamper with money like this? We are not certain. Resall Dyspepsia Tablets will satisfy you! Three times, 25 cents, or once, and \$1.00. You can buy Resall Dyspepsia Tablets in this case, or direct from—
